

FiStaff's Managed W2 Service will improve your bottom line by:

- Eliminating bad hires
- Reducing liabilities
- Increasing flexibility!
- Saving up to \$1,000 per hire

At FiStaff, we help employers drastically reduce hiring, payroll and onboarding costs through our **Managed W2 Service** – while virtually eliminating the risk of making a bad hire.

You maintain control over recruiting and identifying candidates. Once you choose to bring someone onboard, they are placed on FiStaff's payroll. FiStaff is the Employer of Record!

How can you benefit from our Managed W2 Service?

Save Up To \$1,000 Per Hire

As the Employer of Record, FiStaff is responsible for all taxes, administration, workers' compensation costs and benefits – saving up to \$1,000 per employee in just three months.

Zero Payroll Administration Costs

FiStaff handles payroll administration, reporting and support payments while providing you with one simple eInvoice.

No Hassle Onboarding

Eliminate long hiring and onboarding processes – all Managed W2 employees are registered through FiStaff and arrive ready to work on day one.

Employee Benefits

FiStaff provides all employees – including part-time and contract staff – with access to low cost health insurance and other benefits to improve morale, lower turnover and help attract highly skilled candidates.

Eliminate Bad Hires

Take time assessing employees on-the-job, before making a full-time commitment. With FiStaff's no buy out fee on Managed W2 employees, you have no hiring risk.

Limit Liabilities

FiStaff's Managed W2 Service assumes all workers' compensation, payroll, employment taxes and government reporting responsibilities.

Special Project Support

Access highly skilled and specialized talent for key projects – without increasing your company's headcount.

Increase Flexibility

Managed W2 Service allows you to easily adjust your workforce levels to your workflow – without the hassles and costs of layoffs.
